To Whom It May Concern

CERTIFICATE

Dear Madam,
 Dear Sir,

Having been the first President of the European Society for Vocational Designing and Career Counseling (ESVDC) since its foundation in September 2011, I had the pleasure of working together closely with

Mrs. Luisa MEGLIO VALLAT

from September 1st, 2011 to December 31st, 2014.

Mrs. MEGLIO VALLAT endorsed the entire responsibility of creating, organizing and successfully leading the administration of this newly founded scientific society, bringing together leading scientists from over 30 countries, mainly from Europe but also from the United States, Asia and South America.

In her role of **administrator of the ESVDC**, Mrs. MEGLIO VALLAT actively prepared and participated in the decision making of the meetings of the Executive Board. In particular, she supervised the preparation of the Annual General Assemblies of the Society. She had the responsibility of preparing and proposing the admission of new members to the Society. She controlled all financial transactions and the collection of membership fees of the Society and prepared the yearly financial statements and budgets. She also took the necessary initiatives for planning meetings and actions, writing correspondence and answering any questions regarding ESVDC, as well as keeping track of the contracts, memories and minutes or any other significant document for the Society. In particular, she introduced efficient new tools for communication through the creation and maintenance of the Society's website, the use of SKYPE video conferences for board meetings and the facilitation of the communication with our members through periodically published ESVDC – News. We particularly appreciated her initiatives and help in the organization and logistics of important scientific meetings over the whole period.

Without the permanent and extraordinary personal engagement of Mrs. MEGLIO VALLAT, the ESVDC would not exist today. Her reliability, her efficiency and most of all, her wonderful self-starting motivation and creative engagement were a marvelous stimulation for all of the Board Members and myself during the whole period. Of course we all appreciated her self-starting initiatives, innovative ideas and permanent friendliness. But without her reliable professionalism in English, French, German and Italian correspondence, without her outstanding competences in accountability, in new communication technologies and her sense for high quality standards and efficient controlling, we all would have been lost.

Therefore I warmly recommend Mrs. Luisa MEGLIO VALLAT, to whom ever may be concerned. Our collaboration on this creative adventure naturally came to an end, as I did not want to engage for another term as President of ESVDC at the General Assembly 2014, and the administration of ESVDC was attributed to another university. But personally, I would like to continue any collaboration any time with Mrs. MEGLIO VALLAT, as this was such a wonderful and enriching experience.

Lausanne, 26 May 2015
